

## September 04 Morning: Innovation Design of Medical Devices from Workshop

**Moderator: TBC**

- 14:30–14:55 Human Factors Engineering in Designing of Medical Devices  
Yichuan Zhang, Jiangsu Institute of Medical Device Testing Suzhou Branch
- 14:55–15:15 The Design Process of Innovated Medical Devices  
Jian Xiao, Innovation Service Committee of China Association For Medical Devices Industry
- 15:15–15:35 The Combination of Medical Device Research and Hospital  
Chen Wang, Suzhou Science & Technology Town Hospital
- 15:35–15:55 The Process of Medical Device Designing  
Yi Zhong, Medtronic
- 15:55–16:15 Empower medical device innovation with Designing Thinking  
Chris Vincent, PDD (UK)
- 16:15–16:55 Roundtable Discussion: How to apply clinical needs to Medical Devices at the Design Stage

**Speakers Above**

## September 05 Afternoon

**Moderator(Plan): Dr. Ching Zhu, Managing Partner, 6 Dimensions 13:00-18:00**

- 13:00 – 13:05 Opening Remark from Moderator
- 13:05 – 13:10 Welcome Speech- Feng Jiang, Vice Chairman, China Association For Medical Devices Industry
- 13:10 – 13:15 Welcome Speech- Junyong Pang, CEO, SUZHOU BIOBAY
- 13:15 – 13:40 Status & Progress of Medical Device Innovation/ Priority Approval  
Hanqing Gu, Member of the National Medical Device Expert Assessment Committee
- 13:40 – 14:05 Definition of Medical Device classification  
Ruihong Mu, National Institutes for Food and Drug Control
- 14:05 – 14:30 Interpretation on latest Amendments of Medical Device Policy  
Xintian Li, Director, Jiangsu Food And Drug Administration Policy and Regulation Department (Science & Technology Department)
- 14:30 – 14:55 Difficulties and Pain Points in Clinical Trials  
Xiuqin Wang, Deputy Director, Jiangsu Province Hospital Science and Technology Department
- 14:55 – 16:15 Roundtable Discussion: How to avoid the Fancy Trap in Clinical Trial, and Accelerate the clinical speed of innovation Enterprises  
Moderator: Dr. Kevin Jin, Partner, Serica Capital  
Dr. Haiyan Li, Director, Peking University Third Hospital Drug& Clinical Trial Institute  
Dr. Xiaoyan Yan, Deputy Director, PUCRI Biostatistics Department

Dr. Xiuqin Wang, Deputy Director, Jiangsu Province Hospital Science & Technology  
Department

Xintian Li, Director, Jiangsu Food And Drug Administration Policy and Regulation Department  
(Science & Technology Department)

Qichao Zhai, General Manager, JetMed

Dr. Ning Xu, Executive VP, Head of clinical development and regulatory affairs, Zai Lab

16:15 – 16:35 Investment and M&A situation of Medical Devices in America

Dr. Ching Zhu, managing Partner, 6 Dimensions

16:35 – 16:55 M&A cases of Medical Device Industry in recent years

Li Wang, Founding Partner, Hongshi Medical Capital

16:55 – 17:55 Roundtable Discussion: Integration and unity, Whether Improving Industry Concentration is the  
Hotspots in the Next Stage?

Moderator: Dr. Ching Zhu, Managing Partner, 6 Dimensions

Panelist:

Dr. David Wang, Partner, ORBIMED

Dr. Yonghui Shi, Managing Director, Medtronic China Fund

Hua Guo, Partner, Juming Ventures

Dr. Xin Zhang, General Manager, Salubris Pharmaceuticals Medical Device Division

Suhua Yu, VP, Bluesail Medical Strategic Investment Department

**18:00 – 20:30 VIP Gala Dinner(Only for invited guests) G Pavilion of Suzhou International Expo  
Center**

**September 06 Morning Sub-Forum 1: Frontier and Innovation Trend of Medical Devices 09:00-12:00**

**Moderator: Dr. Kevin Jin, Partner, Serica Capital**

**08:00 – 08:30 Breakfast**

09:00 – 09:25 Biomedical Engineering and Medical Innovation

Dr. Xuemin Xu, Vice President, Shanghai Jiaotong University

09:25 – 09:50 Innovation of Multinational Enterprises in China & developing countries

Yushao Gu, President, Medtronic Greater China

09:50 – 10:10 Situation & Trend of New Medical Materials

Dr. Zhongwei Gu, Director, Institute of Biomaterials in Nanjing Tech University

10:10 – 10:30 New Progress in Respiratory Intervention

TBC

10:30 – 10:50 Application of Big Health Data in Healthcare

- Dr. Yi Ning, President, Meinian Health research Institute
- 10:50 – 11:10 Medical artificial intelligence  
Dr. Yao Lu, General Manager, Pvmed
- 11:10 – 11:30 Progress of Medical Robot
- 11:30 – 11:50 Global Experience ( Western, China and Israel ect) in Medical Innovation Incubator and Early Technological Innovation  
Rob Sandfelder, VP, Medtronic Finance Operation
- 11:50 – 12:30 Roundtable Discussion: Prospecting Future Innovation of Medical Device- Even with Pioneering Hardship we need to Carry Forward

**Medtronic Reception 12:30 – 13:40**

**September 06 Morning Sub-Forum 3: In vitro diagnosis 09:00-13:00**

**Moderator(Plan): Dr. Victor Shi, CEO, Adicon Clinical Laboratories;  
Partner, Serica Capital**

**08:00 – 08:50 Breakfast**

- 09:00 – 09:30 Progress of IVD Industry  
Zhiming Jiang, Medical Doctor, China General Manager & Global VP, Beckman Coulter
- 09:30 – 10:00 Latest Policy & law for IVD  
Ling Jiao, China Executive Director, AdvaMed
- 10:00 – 10:30 Following the Footstep of Science- A Dreamy Decade  
Dr. Keith Crandell, Founding Partner, Arch Venture
- 10:30 – 10:55 Frontier of Liquid biopsy  
Simran Singh, President of Asia, Guardant health
- 10:55 – 11:20 Early screening and diagnosis of Lung Cancer  
Dr. Jianbing Fan, CEO, Anchor Dx
- 11:20 – 11:45 Application of NGS in Infectious diseases  
Dr. Guochun Liao, CEO, IDbyDNA
- 11:45 – 12:45 RoundTable Discussion: TBC

Moderator: Dr. Victor Shi, CEO, Adicon Clinical Laboratories;  
Partner, Serica Capital

Panelist:

- Dr. Yingshuang Chai, CEO, Carrier Gene  
Dr. Yiqi Luo, Founder, Hangzhou Pu Jing Biotech  
Bofei Wang, China General Manager, Agenabio

Dr. Nan Fang, CEO, Singleron Biotechnologies  
Dr.Keith Crandell, Founding Partner, Arch Venture

**September 06 Afternoon Investing Road Show 14:00–18:00**

Moderator(Plan ): Ivy Chen, Executive Deputy Director, Suzhou City Association of Medical Equipment

Judges:TBC

14:00—14:20 Speech:The influence of Opening up the Science and Technology Innovation Board to the development of medical equipment enterprises

Zeye Li, General Manager of Investment Banking Department, Head of Biohealth Industry, Essence Securities

14:00—14:40 Speech:Is Europe the Next Hot Spot of Medical Device Investment?

Olivier d'Arros, Managing Partner, MAVIE Technologies

Order of above speeches might be adjusted

(Plan )Road Show:

14:40—14:55 Project01: ENT Overall Diagnose & Treatment Program

14:55—15:10 Project02: Minimally invasive ion radiofrequency therapy

15:10—15:25 Project03: MR-PHIFU MR-guided Phase-Controlled Focused Ultrasound Project

15:25—15:40 Project04: Development and industrialization of neurological navigation systems and high value-added surgical instruments

15:40—15:55 Project05: Artificial Intelligence Ophthalmology and Chronic Disease Management

15:55—16:10 Project06: Development and Commercialization Platform for Innovative Diagnostic Product

16:10—16:25 Project07: Second Generation Drug Coated PTCA Balloon

16:25—16:40 Project08: New treatment techniques for functional disorders in middle-aged and elderly women basins

16:40—16:55 Project09: Multimodal Tumor Ablation Therapeutic Instrument

16:55—17:10 Project10: Innovator in blood glucose management and nursing

17:10—17:25 Project11: OCT diagnostic imaging equipment for Skin Disease

17:25—17:40 Project12: Hangzhou Huijian Technology

17:40—18:00 Judge Scoring, Audience Voting & Award Ceremony for Outstanding Projects (4-5 judges TBC)

---

Road Show Rule:10 Minutes Speech and 5 minutes Q&A

Core Criterion:

Technical Innovation(30%), Marketing Potential(25%), Team Strength(20%)

Product maturity(15%), On-site Performance(10%)

**18:20 Shuttle Bus to Railway Stations (Suzhou Station/ Suzhou North Station )**
